

Meagan Pethick
Fall 2013

General Class
Thursday 1:00 to 4:00 pm
F13D065F - Ceramics

Ceramics

This intermediate to advanced level ceramics course will provide students with more advanced throwing techniques. Students will also be challenged to explore all aspects of ceramics using different techniques. Individual development will be encouraged in a creative supportive environment.

- Class 1 Introduction to the Ceramics Studio and Safety practices.
Group discussion about clay and forms in ceramics.
Bring a photo, image or drawing of a form for next class.
Demo: Lidded Form
- Class 2 Group discussion about student's image, drawing or form.
Demo: Trimming a lidded form.
- Class 3 Demo: Working with soft slabs, hard slab, textures. Wheel demo: throwing a teapot
- Class 4 Demo: Decorating with slips and under glazes. Wheel demo: trimming and assembling a teapot.
- Class 5 Dissuasion about glazes and glaze application.
- Class 6 Demo: mixing wheel thrown clay with handbuilding and throwing work in sections.
- Class 7 Demo: continue working on project from class 6.
- Class 8 Discussion about glazing results.
- Class 9 Demo: Wheel demonstration- Students Choice.
- Class 10 Start to finish leather hard pieces.
- Class 11 Finish leather hard pieces to be bisque and glazed.
- Class 12 Glazing and a review of work. End of class pizza party!

Students need to bring

Clothes you can get dirty in. Clay and communal tools are available in the ceramics studio. As you go you can decided what else you need.
