F13DC01B 6 - 7 Years  
Get Inspired by an Artist - Clay & Collage  
Tami Galili Ellis**

This hands-on art course is designed to assist children, in a positive and fun environment, to develop their artistic expression over 3 separate sessions. In each term children will explore various materials such as clay, ink, charcoal and paint. They will expand on their skills in specific artistic media. Each term we will look for inspiration both indoors and outdoors, and explore the ideas of some modern artists such as Picasso, Matisse, and Dali. This will stage a fun environment that will allow the kids to continuously develop artistic ability while maintaining an emphasis on the creative process.

<b>Week</b>	<b>Activity</b>	<b>Topic</b>	<b>Objectives</b>	<b>Materials</b>
