

F13DWS07 - Unleash the Power of Colourful Greys

Instructor: Dana Brezina

Sunday, 9 am to 4 pm

November 17

In this workshop we will explore the hidden power of the colourful greys. You will learn how to create the whole range of different greys and how to combine them effectively with the saturated colours. When the ratio between the greys and the saturated hues is well balanced, the inner power of the colourful greys comes alive and instantly strengthens the expressive mood of the composition.

This workshop will leave you open to new ideas for your future art projects.
